Welcome to our 38th Annual Spring Bull Roundup!

It is our sincere pleasure to welcome customers, friends and fellow beef producers to our 38th Annual Spring Bull Roundup. Wow, what a winter for the records! ...just a reminder Mother Nature is still very much in charge. However, spring and summer are shaping up to be phenomenal ...all this moisture will bring stirrup-high green grass and an abundance of water! That's when Harrell genetics really pay off, weaning big, stout, soggy calves come fall that are sought by feedlots and packers because they know Harrell-sired cattle perform and hang quality carcasses on the rail that are in demand by branded programs and consumers. With the market realignment, now is the time to invest in superior genetics that really pay! Rest assured, we at Harrell Hereford Ranch have paid close attention to every detail and are committed to producing profitable, efficient cattle for our customers.

We strongly believe in a balanced trait system. Optimum levels of performance traits must also include the ideal balance of calving ease, cowherd efficiency, and carcass value. And there's constant pressure on the basic, "hard to measure" cowherd longevity and survivability traits which we now measure and quantify ...fertility, disposition, udders and feet and legs ...and calf vigor and health, mothering ability and fleshing ability. Lessons have taught us to avoid extremes and stay "middle-of-the-road" leading to our "balanced approach" to produce rancher herd bulls.

In a very competitive, fast-paced beef industry, we use every tool available to make genetic improvement faster for ourselves and our commercial customers. Genomic Enhanced EPDs are the next phase in breed improvement strategies for making even more accurate, rapid genetic improvement. We have GE-EPD tested all current sires, maternal grandsires, ET donors and all herd bulls' mothers along with the entire 2017 bull and heifer sale offering. And for the past 16 years, we have carcass ultrasounded our entire bull and heifer crops ...continuing examples of our quest to provide the most accurate, reliable genetics for our valued customers. Visit our website harrellherefordranch.com for the most current EPDs, ultrasound and performance data plus sale videos.

Please join the Harrell, Thomas and Mackenzie families for our big, three day Western Ranchers Event. It begins Sunday, March 5th at Mackenzie Ranch headquarters with our Harrell-Mackenzie Quarter Horse Preview, continues with our Harrell Hereford Ranch Spring Bull Roundup Sale and concludes with the Thomas Angus Ranch Annual Spring Bull Sale.

We extend a special invitation for "The Cowboy Gathering" at the Geiser Grand Hotel Monday evening following our sale. Join us for an evening of western fellowship with fellow cattlemen and industry leaders hosted by Harrell Hereford Ranch, Thomas Angus Ranch and Zoetis Animal Health.

It is a privilege to associate with such great people. Please don't hesitate to call with questions. Plan on three big days of good cattle, good horses and good western hospitality. We'll look forward to seeing you sale day!
